

UNITED STATES GOVERNMENT

Memorandum

25X1A

TO :

DATE: 10 November 1964

FROM : DAD S&D

SUBJECT:

Do you think you can organize the information in the memorandum along the lines which I have indicated on this rough chart. I think you could brief Dr. Wheelon, etc., easily from such a summary. The chart need only be typed it wouldn't have to be lettered. We could run it through and make a viewgraph copy if Dr. Wheelon wanted more than a few people to see it.
